

AFTRI Services

Your representative in France within the framework of the French and European legislation on posted workers.

On the 2nd of February 2022, the European directive 1057/2020 entered into force, narrowing the application of the "Macron law" in France.

Who needs a representative?

- Drivers whose company is established in a non-EU country.
- Drivers of light commercial vehicles (LCVs) or vehicles with less than 9 seats.
- Drivers posted through a temporary employment agency.
- Drivers posted to an establishment of the same company or a company of the same group.

What do we offer?

- We collect and check the required documents.
- We keep record of the documents for 18 months after the end of the posting period.
- We act as an intermediary with the French control authorities and notify you in case of a control.
- Your dedicated contact person will assist and alert you on the French legislation.

How to work with us?
